

JAP CARRIER BLASTED BY BRITISH SUBS

STRONG FORCE
OF U. S. PLANES
STRIKE NAZISSouthwest Germany Target of
Liberators and Forts; RAF
Blasts Stuttgart.

By The Associated Press

LONDON, March 2.—U. S. Flying Fortresses and Liberators in strong force smashed at southwest Germany today hard on the heels of a 600-bomber assault by the RAF last night upon the important war center of Stuttgart.

The American target was not announced immediately, but the direction of the attack suggested a U. S.-RAF double night-and-day punch at the Stuttgart section like the ones highlighting last week's powerful aerial drive.

More than 600 RAF and RCAF bombers participated in last night's operations with a record low proportional loss of only four planes.

Mosquito bombers staged a diversionary raid on the shrine city of Munich, and other formations struck targets in France and the low countries.

London newspapers estimated 1,620 to 1,900 tons of bombs were dumped on Stuttgart last night.

Head Out at Dawn

The allied daylight formations headed toward Europe at dawn with Marauders of the U. S. ninth air force bombing "military objectives" in northern France.

More allied bombers flew over the strait this afternoon.

German raiders about 100 strong retaliated against Britain by night, killing several persons and causing damage at widely separated places. Five planes were knocked down. Only a few bombers penetrated to London.

Loss of four RAF bombers was testimony to the effectiveness of the quickened pace of the war against Nazi air defenses, and of British fighting tactics. Bad weather at ground level on the continent also kept many fighters grounded.

The assault on Stuttgart, transportation junction on the route to Italy and center of the Daimler-Benz engine and Bosch ignition works, was the 15th major blow against Nazi war facilities in 12 days.

Goering Praised German People

(Field Marshal Hermann Goering, in an order of the day on the ninth anniversary of the German air force, declared "you have again excelled yourselves both in attack and in defense, doing your duty." He praised the "magnificent bearing of the German people" in the broadcast recorded by the U. S. foreign broadcast intelligence service.)

Stuttgart was last bombed Feb. 25.

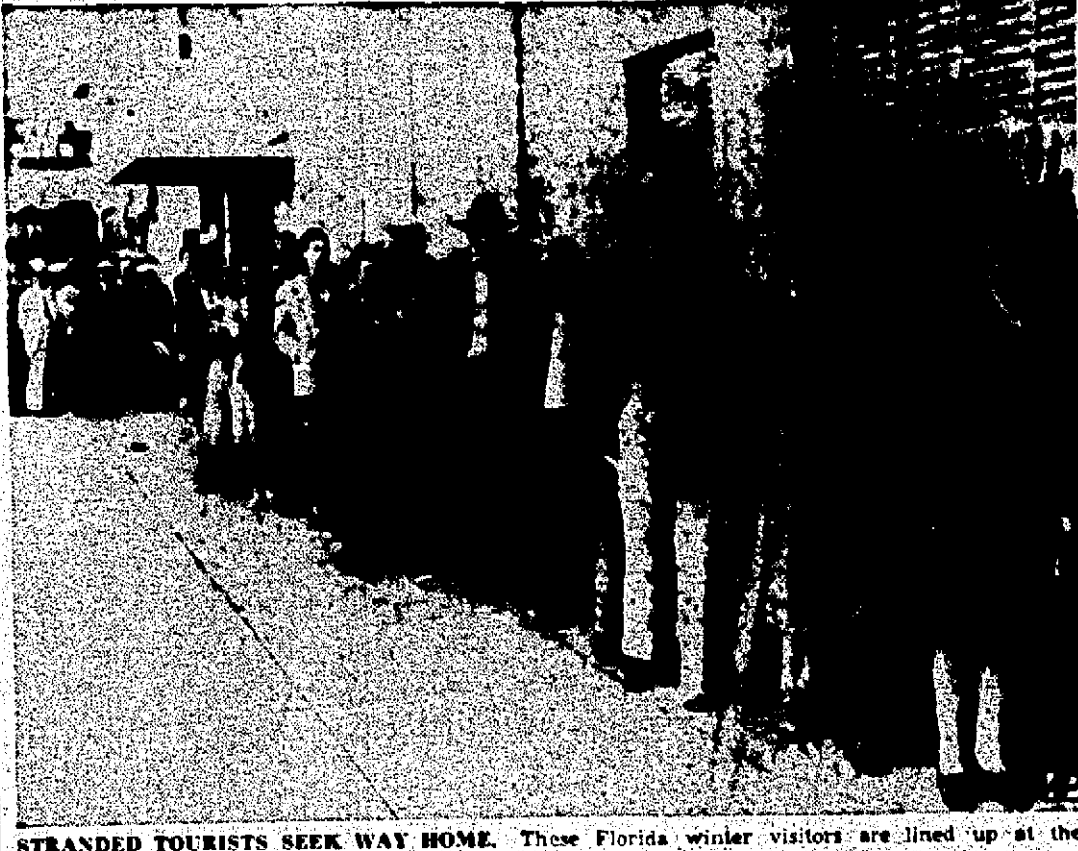

The city is located in southwest Germany, approximately 450 miles from the nearest bomber bases in Britain.

Berlin acknowledged southwest Germany had been bombed during the night, but did not name the target. A German broadcast said the raiders ran into heavy clouds and dropped their bomb loads aimlessly.

Berlin asserted, "German air defenses shot down a number of four-engine planes."

The German air force hit London again early today in a small raid, causing some casualties and property damage.

Five raiders were destroyed.

STRANDED TOURISTS SEEK WAY HOME. These Florida winter visitors are lined up at the Seaboard railway office at St. Petersburg in quest of transportation home after rationing boards refused to allow them sufficient gasoline for homeward motor trips. Long lines have been forming before daylight at offices of all railways running northward.

MAP PLANS FOR
FRENCH RULEWashington Approval Awaited
on Proposal Submitted
by Gen. De Gaulle.

By The Associated Press

LONDON, March 2.—Only Washington approval of a proposal submitted by Gen. Charles de Gaulle for governing occupied parts of France was lacking today in the framework of political organization for the invasion of western Europe.

Plans have been approved for military government in the Netherlands, Norway and Belgium.

An unofficial but reliable informant said the French proposals were believed to have been approved by Gen. Dwight D. Eisenhower, supreme invasion commander, and that the British had been awaiting an okay by President Roosevelt.

An allied section known in the Mediterranean as AMG has been revamped under the title of "civil affairs for western front operation" and many features to which exiled governments of occupied countries objected have been removed.

Other Agreements Reached

Under the agreement reached with Belgium, the Netherlands and Norway, allied military government officers will go in with invasion troops and take charge of an operations area immediately behind the front. They will be assisted by Dutch, Norwegian or Belgian officers trained in allied military government schools.

When an area is far enough behind the front to be no longer in danger of becoming a battle zone, it will be turned over to the Dutch, Belgian or Norwegian military government, as the case may be. The territory will be governed by its own country's military, who will be responsible to the allied command to see that the area remains peaceful and efficiently administered.

The Dutch and Norwegians have complete trained military government organizations ready to take over.

Pledge of Community Support
Is Given Club Co-Ed Project

Youth Recreation Center Approved by Agency and Organization Representatives at Service Club Meeting.

By BOB BYRD

The Y's Men's Service club laid its Club Co-ed project on the table for public discussion at a dinner meeting last night with representatives of various Marion agencies and organizations as guests, and received from them unanimous encouragement and approval.

The meeting was held in the Y. M. C. A. and the program consisted entirely of an explanation of the plan by the club chairman, for the Club Co-ed project, William Luse, and comments of the guests. Each was invited to make suggestions and voice criticisms if they had any.

Not one of the speakers had any fault to find with the project, and all pledged their personal assistance and that of the organizations they represented to help make it a success. Many of them made helpful suggestions and were given assurance these will be studied.

Plans for Opening

Club Co-ed is an already established group of Harding High school boys and girls that holds weekly dances at the Y under the supervision of adults, principally parents of members. About three weeks from now, the Y's Men's Service club hopes to be ready to open the doors of the new Club Co-ed rooms in the rear of the first floor of the Y. One big room will be decorated and equipped for dancing, ping pong and large group activities. An adjoining room will have a soda fountain, booths and tables with a hostess in charge. Y's Men's club members and their wives plan to rotate the job of chaperoning evening activities there, although one suggestion made last night that the parents of the students in the school club be invited to help with this responsibility was received favorably.

Several points brought out by persons who have made a careful study of youth group activities and some of whom have studied the operation of similar clubs in other cities clarified the purposes of the group and explained how some of the inevitable problems will be met.

Program of Management

One of these points was that the high school boys and girls, by making and enforcing the rules that will govern the requirements for membership, will be able to handle the bulk of the discipline problem much more effectively than adults could, although the setup calls for adults to act constantly in an advisory capacity. It was pointed out that the students themselves, by wielding the power of expulsion of any member who misbehaved, would be able to exert more influence over their own group than any adult in connection with the program would be able to command. It was pointed out that experience in other cities has shown this method of control has been effective.

Another point was that Club Co-ed is not another project to provide help for underprivileged children, nor is it intended as a cure-all for juvenile delinquency. As one speaker put it, "It's about time Marion started to do some things for its boys and girls who are not underprivileged, to provide a center of wholesome recreation for them. In this community, it was emphasized that a majority of the boys and girls who will use the club project would never become juvenile delinquents, even though they are not underprivileged."

(Turn to CLUB CO-ED, Page 14)

NAZIS THROW
3 DIVISIONS
AT U. S. LINESGermans Pushed Back 1,000
Yards by Americans in
Heaviest Battle Yet.

By The Associated Press

NAPLES, March 2.—American troops fighting fiercely against a three-division German attack on the center of the Anzio beachhead defense lines have thrown the enemy back 1,000 yards and are still making progress, it was announced today.

The Germans, however, were said to be resisting strongly near a road junction slightly south of the midway point between Carroceto and Cisterna after having lost two-thirds of the ground they gained Tuesday in the early stages of their assault, apparently their third all-out effort to wipe out the beachhead.

More than 300 German prisoners have been taken in the battle in which the Germans rammed Mark IV and Tiger tanks at allied lines under heavy artillery fire from both sides.

Heaviest Battle Yet

A dispatch sent from the beachhead last night by Associated Press War Correspondent Edward Kennedy, quoted the doughboys as saying the battle was the stiffest they had yet encountered and that enemy artillery fire was the heaviest since the beachhead was established. Kennedy said the situation was then well in hand.

Field Marshal Albert Kesselring's forces launched their attack Tuesday morning along a thousand-yard front almost in the middle of the 10-mile stretch between Carroceto and Cisterna.

The enemy threw two battalions, supported by tanks, into the initial phase with American forces bearing the brunt of the attack. The first wave consisted of three divisions were plunging against the allied lines.

The Nazis broke through to a depth of about 1,500 yards but the rest of the allied lines stood firm. American troops launched a counter-attack Tuesday night and up to noon yesterday had won back 1,000 yards.

In the opening hours of the attack German infantry rode tanks into battle and helped lift allied mines. Rain, however, forced the tanks to stay on the highways.

Nazi Air Support Slight

The Germans were given only minor air support. Three enemy planes were shot down over the beachhead yesterday, another Tuesday night over Anzio. No German planes appeared yesterday.

American airmen bombed German front line positions yesterday and other targets to the rear. British planes last night dropped blockbusters and hit troop concentrations, with fragmentation bombs. All returned safely.

Allied artillery was credited with a prime role in breaking up the main enemy attacks.

The Germans constantly shelled allied port areas Tuesday.

Allied artillery broke up a small-scale German diversionary attack Tuesday about two miles due north of Cisterna and 111 prisoners were taken. In the same general area, southwest of Littoria, allied troops took more than 20 prisoners from a Nazi patrol of 30 to 50 men.

In the gullies and caves of the upper Molella river sector southwest of Carroceto, British troops still are engaging the Germans in successful encounters, it was announced.

Only minor patrol actions occurred on the main Fifth Army and Eighth army fronts.

Weather limited air operations sharply, but the persistent hammering the enemy was kept up elsewhere besides the beachhead. RAF bombers bombed rail installations south of Rome Tuesday night and desert air force fighters attacked enemy shipping off the Dalmatian coast yesterday.

Home Solicitation Plan Used
in Red Cross Drive This YearIndividual Contributions To Be Made with House-to-House
Canvassers; \$5 Suggested as Family Minimum.

When workers in the Red Cross War Fund drive call at the hundreds of homes in the city and county today and during the coming days of the drive, it will be to solicit family contributions. The house-to-house canvass, resumed after being discontinued for a period of several years, is being carried on this year to provide everyone an opportunity to give to this worthy cause. Contributions made by business places, industries, factories and other concerns will be gifts from those organizations exclusively, and will not include contributions from employees. Employees of stores, offices and other business places will be included in the house-to-house canvass and their contributions will be considered as of the family.

Workers will make their first report at the War Fund headquarters at 149 East Center street, the room formerly occupied by the Postal Telegraph Co. Workers are asked to have their reports in by 7 o'clock in order that the figures may be tabulated by 7:30.

Marion city and county is asked to raise a quota of \$50,000 a year more than last year. The national goal is \$200,000,000. Practically all of the money raised will be used to carry on the work of the Red Cross in the war.

With more and more men entering the armed forces—and Marion county now has more than 4,000 in the ranks—local as well as national responsibilities increase, the chairman, J. D. Torrance said today. Because of this the local chapter is asking that each family consider a contribution of \$5 as a minimum for this cause, he stated. Many persons will want to give more, he believes.

Cost Per Man

According to figures the cost to provide American soldiers, sailors and marines with the Red Cross service is \$25 each a year, and the local chapter is asked to provide \$14 of this. The remainder is given by the national chapter.

With the increased number of men going into service the local chapter will be called upon to give more and more of time and money in transportation and on leave. Adequate services to the men in the armed forces, the Red Cross assumes a financial responsibility for his family when ever necessary, until his allotment is adjusted and the family assured of an income. Emergency calls, where death or sickness is in the family necessitates the service of the Red Cross in telephone and telegraph messages and frequently the telephone bill at the local office reaches as much as \$100 a month due to these emergency services.

List of Services

Men and women of the city and county and the local chapter donated money, time and work in the drive. (Turn to RED CROSS, Page 14)

2 Marion Combat
Fliers Meet First
Time on Way Home

Two Marion air fliers who have been helping bomb the Germans in the Mediterranean area in recent months met each other for the first time in a few days ago on a boat bound for Marion for a visit.

They are Staff Sgt. James E. Pierce, 21, husband of Mrs. Mary Virginia Pierce of 147 North Vine street, and son of Mr. and Mrs. David Pierce of North State street, and Staff Sgt. Arnold B. Womack, 22, son of Mr. and Mrs. C. B. Womack of Patten street.

Womack is a veteran of 30 air missions against the enemy with 40 combat missions as turret gunner on a B-26 Marauder bomber on a B-26 Marauder.

The men met for the first time on a boat bringing them back to the United States, and when they found out Marion was their mutual destination, they made arrangements to complete the trip together.

Pierce has been in service two years, overseas 11 months. He holds an air medal and eight other decorations, including one for shooting down a German plane last July 4.

Womack, who never has lived home but whose parents moved to Marion 15 months ago, has been in service three years. He holds a combat medal and four other decorations.

Both are to report back at Marion City on March 14.

Womack is a member of the Marion City fire department and is a member of the Marion City fire department.

Pierce is a member of the Marion City fire department and is a member of the Marion City fire department.

Pierce is a member of the Marion City fire department and is a member of the Marion City fire department.

OTHER CRAFT
SCORE HITS ON
ENEMY CRUISERAmericans Repulse Enemy At-
tack on Los Negros Island
in Admiralty Group.

By The Associated Press

Five submarine chasers, ship-boarding a 7,000-ton Japanese aircraft carrier through Malacca strait couldn't prevent a British submarine from sending torpedoes crashing into the flattop's hull and probably sinking her, the British admiralty announced today.

It is through Malacca strait, which separates Malaya from the island of Sumatra, that most supplies to Japan's army in Burma must pass.

The admiralty said other submarines scored torpedo hits on a Japanese cruiser in the same area, but not in the same action, and sank a medium-sized supply ship. A smaller supply ship was shelled into submission.

In the southwest Pacific, allied headquarters confidently predicted quickly-captured Morotai, a drone on the invaded Admiralty Islands "will shortly be in full use by our air force," and said the enemy's first major counter-attack against the American beachhead had been repulsed.

Airfield in Prime

The airfield on Los Negros island, the larger of two in the Admiralty and the prize for which Sixth army forces battled when they swept ashore on the Bismarck sea islands Tuesday morning.

In allied hands, the Morotai airfield would serve as a springboard for new assaults against Rabaul and Kavieng, enemy strongholds in the Bismarck archipelago, as a base for air patrols to keep the Bismarck sea clear of Japanese supply ships and as a possible spot for air attacks on Truk in the Caroline Islands.

In contrast with the preliminary reports that the landing met no opposition, Associated Press War Correspondent Olen Clements, who followed the assault forces, reported Japanese shore guns blasted heavily at units of the First (dismounted) cavalry division and caused at least one landing craft to turn back. Clements said there is a considerable enemy force on neighboring Manus island, but there has been no report of battle action there.

"Our losses throughout these operations have been negligible," headquarters communicated.

The communiqué reported a 132-ton bombing raid on Rabaul Monday without meeting air opposition, and strikes against New Guinea coastal bases.

Wallo Battered Again

Other airmen, operating from Central Pacific bases, blasted the former U. S. possession Wallis Island Monday for the 10th time since Pearl Harbor. Navy bombers probably destroyed six parked enemy planes.

Three enemy-held atolls in the eastern Marshalla were hit, and Nauru, west of the Marshalla, was hit.

Japanese shipping in the Pacific, already hard hit by American planes and ships, has suffered additionally from attacks by a small fleet of Dutch submarines, heroic remnants of a naval force virtually wiped out during the Japanese drive through the Dutch East Indies in 1942.

Capt. L. G. L. van der Kam, former chief of staff of the Netherlands naval forces in the Pacific, revealed his submarine force's activities in a broadcast.

Dutch submarines sank 10,000 tons of Japanese shipping in 30 months off the Dutch East Indies. "Despite the fact we could operate only two submarines in operation at one time."

At least 100 Japanese ships were sunk off the Dutch East Indies, van der Kam said and must be replaced at a cost of \$100 million. He said the Dutch navy is now in the north to attack Japanese shipping and to attack Japanese bases.

U. S. and RAF ships have been over most of South America since Tuesday, hitting Japanese shipping, tankers and troop transports.

U. S. and RAF ships have been over most of South America since Tuesday, hitting Japanese shipping, tankers and troop transports.

Recommendations Made On
Future of Scioto Ordnance Site

A recommendation that the Scioto Ordnance plant be made available to industrial concerns and others who might be able to make use of its facilities was voted by the Marion Chamber of Commerce directors in a luncheon meeting at Hotel Harding yesterday. It also urges that a part of the big site be made available for airport facilities.

The Chamber's recommendations regarding use of the plant are being turned over to the real estate division of the Corps of Engineers, which now has charge of the plant property since its use by the ordnance department was terminated.

It is understood that a survey now being made by the Corps of Engineers will be sent to the Chief of Engineers in Washington, along with recommendations, and that high officials of the Corps of Engineers will determine the eventual disposition of the property.

The text of the Chamber's recommendations follows:

"Because the creation and operation of the Scioto Ordnance Plant altered the economic, commercial and civic aspect of the community, the board of directors of the Marion Chamber of Commerce feel that it is entirely justified in declaring a policy concerning the disposal of the real property of the

DEMOCRATIC HOUSE RULE THREATENED

By The Associated Press
WASHINGTON, March 2—Deaths and special elections may prevent the Democrats from regaining an absolute majority in the house of representatives this session and reduce their membership to the lowest in more than 10 years.

Today's division stood at 216 Democrats and 208 Republicans, with five Democratic vacancies and one Republican while four seats are held by minor party members.

Not since the 72nd congress when it stood at 214, has the Democratic representation been so low. It started in the present congress at 222, four more than an actual majority of the 433 members.

The Republicans started with 209, the same number they now have and four fewer than they expect to have when special elections fill current vacancies.

Democratic strength, which dropped to 216 with the death of Rep. Leonard W. Schuetz of Illinois, Feb. 13, rose to 217 this week with the election of James H. Torrens to the seat vacated by resignation of Rep. Joseph A. Cavanagh of New York City. But the same day it fell to 216 again through death of Rep. Thomas H. Cullen of New York. Cullen's death was the 11th among house members of the 78th congress. Four others have re-

signed. Nine of the 13 vacancies have been filled, seven by Republicans and two by Democrats, with Republicans scoring a net gain of one seat.

MRS. ANNA PUGH DIES
KENTON, March 2—Mrs. Anna M. Pugh, 78, a resident of Kenton for 40 years, died suddenly late Tuesday in her home of a heart attack. Funeral was held this afternoon with burial in Grove cemetery.

MRS. JULIA LEWIS DIES
KENTON, March 2—Mrs. Julia May Lewis, 79, lifelong resident of western Hardin county, died Tuesday in home of a daughter, Mrs. Pearl Long, near Lima. Funeral will be held Friday in the Ada Methodist church.

ILLNESS IS FATAL TO ROSS L. DENNIS

LaRue Druggist Dies at City Hospital; Funeral Saturday.

Special to The Star
LARUE, March 2—Ross Lee Dennis, druggist, died in Marion City hospital at 4:50 a. m. this morning. He had undergone an operation at the hospital Monday morning following an extended illness.
Mr. Dennis was born July 20, 1900, at Bloomdale, O., to Samuel and Estelle Lee Dennis, both Ohio natives. His widow, Lena M. Dennis, survives with a son, Pvt. Richard L. Dennis of Hobbs field, N. M., who was called home by the illness of his father, but arrived too late to see him before death came.
Funeral services will be held Saturday at 2 p. m. in LaRue Methodist church, Rev. Warren H. Bright, pastor of the church, will officiate and burial will be in LaRue cemetery. Friends may call at the Boyd and Ford funeral home at LaRue.

BIRTHS

A son was born to Mr. and Mrs. Carl Miley of near Radnor in City hospital this morning.
A daughter was born in City hospital yesterday afternoon to Mr. and Mrs. Homer Comer of 533 South Prospect street.
A daughter was born to Mr. and Mrs. John P. McIntire of 339 1/2 Windsor street yesterday afternoon in City hospital.
Mr. and Mrs. Harmon White of 342 Olney avenue are parents of a daughter born in City hospital last night.

Lodge Votes Gifts To Red Cross, Canteen

A \$25 gift to the Red Cross war fund, a donation of \$5 a month to the Marion Canteen and \$5 gifts to the Harding High school and St. Mary Parochial High school yearbooks were voted by Marion County lodge of the Fraternal Order of Police at a meeting last night.
Patrolman L. E. Reardon, president, and Patrolman Marion Tatham, vice president, appointed Capt. E. C. Mackan, Patrolman Henry Tong and Patrolman Clyde Hardin to serve as a social committee for the year to begin April 1.

Henry Parish, Former Union Co. Man, Dies

Word has been received here of the death of Henry Parish, 80, of Brooklyn, Mich., formerly of Union county, in a Brooklyn hospital yesterday. He was ill two weeks. Surviving are four children living in Brooklyn, a brother, A. D. Parish of Lakewood, two sisters, Mrs. Don Manhart and Mrs. Lois Carter of Marion and nieces and nephews. Funeral services will be conducted Friday at 2 p. m. in Brooklyn and Mrs. Manhart and a niece, Mrs. Emily Parish of East Farming street, will attend. Mr. Parish moved from Union county to Michigan 40 years ago.

Ford Food Vans Aid British Bomb Victims

DEARBORN, Mich.—Approximately 26 million meals have been carried to persons in bombed areas of Great Britain and Northern Ireland by Ford Emergency Food Vans since they were placed in service in 1941.
Henry Ford recently received this information in a letter from The Right Hon. Lord Perry of Stock-Harvard, who is chairman of the board of managers of the Ford Motor Co., Ltd., of London. Eng. Lord Perry revealed that he had received a letter from the Queen expressing Her Majesty's appreciation for the work that the service is doing.

HEAR CHEERING WORD ON PAPER SITUATION

By The Associated Press
WASHINGTON, March 2—The first cheering word about newspaper in many months went out to publishers today—an official but elaborately hedged forecast that the supply might increase after midyear.
An improvement in pulpwood production is "possible," the situation should "not deteriorate further," there "may be some improvement" in the second half of 1934.
This summation was given out yesterday by Harold Boeckman, director of the forest products bureau of the war production board (WPB), following a closed meeting with the newspaper industry advisory committee.
This message was coupled with a warning that military demands for paper and paperboard might be increased.
But the report was taken to mean, at least, that allotments of newsprint would not be smaller in the second quarter of the year, starting April 1, than in the present quarter, and that there was hope for an increase in allocations for the quarter starting July 1. (United Press)

Since the outbreak of war, Canada has distributed 583,000 Bibles.

First Time Up in Plane, He's Told To Take Control
WALNUT RIDGE, Ark.—L. Milton R. Walsh, flying instructor at the air field here, whose face has known redness, always checks his students carefully now. Walsh, aloft with a cadet whom he thought to be a holdover from a previous class, decided he'd check to determine how much the student had retained from previous instruction periods. A few mistakes on the part of the not-so-talkative cadet brought a good dressing-down from the instructor, who then ordered him to "take the controls."

Wag in AEF Issues Guide Book for Yanks Returning to U. S.

By DON WHITEHEAD
AF War Correspondent

There is no longer any question of American soldiers returning to the United States. They are going to what they will call a strange land.

The answers are condensed, and known as "Soldier's Guide to the United States," compiled by an anonymous member of the division somewhere in the back of a double reverse of these cookbooks the boys took when they left home, and then through England, France, North Africa, Persia, and for a long time.

It is some excerpts from an expatriated condensation of guide:

Production:

Have been assigned to duty in the United States and the help of conduct contained in this pamphlet will be of great assistance in cementing a greater understanding with the civilian population. The impression you create, therefore, it is important to be polite, courteous, generous, and at all times firm. Naturally, if you have been overseas, you have automatically become a leading authority on practically everything, and your opinions will carry great weight. A practical plan of entering into any conversation to preface all remarks as follows:

"When we landed in North Africa," or "when we landed in Sicily," this will silence all other conversation and secure instant attention, especially when a slightly loud tone of voice is used. In the ensuing monologue about invasions you must always remember that you landed in the first wave.

Relations with civilians.

Be generous with your cigars and especially kind to children. Small boys sometimes attempt to loot the glove compartment of a jeep but may be easily discouraged by a kick in the groin.

Food.

The staple articles of diet are meat and potatoes, and pie. This is very monotonous. Everything is rationed, but you will soon make your black market connections and do all right.

Drink.

The natives are moderate drinkers and the sight of a drunken man creates consternation. The shortages being what they are, naturally they want to know where the hell he got it.

Dress.

Clothing is strictly rationed and a test is a rare sight indeed. Trousers cuffs are generally obtained by bribing certain officials.

Entertainment and sports.

Cinemas range from first class to mediocre. Baseball and football are the leading sports. Baseball is played by having nine men on each side. Football differs in that it has two more men on each side.

The family and women.

Like ourselves, to the American family life is everything. It is true that in recent years young girls have acquired more liberty in their movements, but it is rare when a decent girl will smile when you whistle at her. Don't, therefore, think you are going to find it easy to pick up a respectable girl without running a risk of a first class row.

Language.

The American language is difficult but you will soon pick up enough to make your wants understood. As to pronunciation, some vowels are pronounced separately and then again others are not.

Character.

The American is highly individualistic, but is friendly and courteous. For example, if you call up an American and say "can you line up a couple of dames for tonight?" you will generally find out that yours will turn out to be an awful looking dog.

Soldier Grateful To Life-Saving Monkey

By International News Service
SAN PEDRO, Cal.—Here's a monkey that shines in the eyes of Pvt. Floyd Steward—and for mighty good reasons.

It's the pet which he has brought home with him from Africa. His constant companion during some of the most hectic fighting of that campaign, Pvt. Steward boasts that his animal pal saved his life at least three times.

It's cautioning chatter once warned Steward and 14 of his buddies of poisoned water they were about to drink from a water hole. At another time, when Steward had been knocked unconscious and buried under debris, the monkey summoned help. Often, during parachuting missions, she helped her master to select safe fruits and berries.

Weights and measures: One kilo equals two pounds, two pounds equals one kilo. One quart—you won't see this much practically everything comes in fifths now.

Water supply: Drink only water which is obtained from an engineers' water unit. As these are practically impossible to locate, you better lay off the stuff.

Hygiene and health: Malaria, take aspirin tablet. Sandfly fever, take aspirin tablet. Dysentery, take aspirin tablet. Waterborne diseases: These diseases are borne by water, take aspirin tablet.

Cities.

The principal city is New York. With the above hints you should get along quite well with the Americans. One splendid way to ingratiate yourself with soldiers you will meet there is to ask if they've been overseas. When they reply in the negative, just sneer.

Independence Big Goal of Students in Poll on Work

By International News Service
NEW YORK — A recent national survey conducted by the Institute of Student Opinion disclosed that despite the security offered by government employment, American high school students prefer to be "independent."

The poll, sponsored by Scholastic Magazine, was made among 112,714 boys and girls representing all sections of the country. Sixty per cent of the boys and 54 per cent of the girls selected independent occupations in preference to working for others. Only 17 per cent of the boys and 13 per cent of the girls favored government or public service.

Want Independence

Among the boys, 26 per cent selected owning or managing their own business, 22 per cent were all-out for a professional life, and 13 per cent chose farming. Forty-five per cent of the girls were dis-

posed toward professional careers, while 19 per cent wanted work in business or industry, 11 per cent favored free enterprise, and 2 per cent picked farming.

Cross-tabulations established that boys and girls in rural communities are more strongly inclined toward "independence" than are city-bred youngsters. Seventy per cent of the rural students want to own or manage their own business, be self-employed, or take a professional career. In large cities there was a higher interest in government jobs.

Individualists had two common ejaculations: "I want to be my own boss" and "I would rather be a farmer or own a small store than work for the government."

One managing your own money, thoughts, and labor. I like my own ideas."

Creation of the government service candidate was "A government employee's salary is stable and his job is usually secure."

ing on a business district block, they eagerly discovered that they had the whole job to do over again.

A woman, who was too busy thinking about the next intersection to hear the shouts of warning, drove through 40 feet of the wet concrete and had to be pulled out by city engineers. A few minutes later another woman, walking across the middle of the block, and sank to her ankles in the soft concrete.

The contractors couldn't decide whether they were laying cement or a trap.

Woman Driver Ruins Brand New Pavement

SEATTLE—An hour after Seattle contractors had laid the pavement on a business district block, they eagerly discovered that they had the whole job to do over again.

War Fatalities Cut More Than Half

By International News Service
WASHINGTON—Thanks to the Army's new method of taking surgery right up to the front lines, hospital fatalities in this war are less than half the number of World War I.

Hundreds of highly skilled surgeons, complete with surgical equipment, tents and special trucks, carry out their work right in the combat zones only a short distance from the fighting front.

In the present war less than 3 per cent of the men wounded in battle die after being admitted to a hospital, compared with 7.4 per cent during World War I.

CRESTLINE LEGION
MARKS ANNIVERSARY

Special to The Star
CRESTLINE, March 2—The twenty-third annual banquet of the Crestline Legion, American Legion Post No. 448, American Legion, was held Tuesday in the First Methodist church. L. D. Snyder, commander, presided as toastmaster.

Greetings were extended by Commander Snyder and the official welcome given by Mayor A. J. Snyder.

J. Saslowsky of Columbus spoke briefly on the rehabilitation program of veterans of World War I and II.

M. D. Shafer of Carey, fifth district commander, brought greetings from the district. F. C. DeWeese spoke on the child welfare program. Remarks were given by Mrs. E. G. Smith, president of the auxiliary, Sam Brewer of Gallia county commander, Edward Boyer of Gallia, commander of Scarbrough post, Paul T. Kindinger of Crestline, chief de gare of Volume No. 150, Forty et Eight; Russell Sherer, Boy Scout master of Troop 2, sponsored by McWhorter post, also spoke.

Post commander's pin was presented to E. J. McCaffrey by the fifth district commander. A past president's pin was presented Mrs. P. C. Kindinger by department adjutant J. J. Saslowsky. The speaker of the evening was Roscoe S. Williams, department commander. He charged that the people neglected to do the things that should have been done after the last war, thinking the cost would be too high. He then described the damage and suffering caused by this neglect at Pearl Harbor and the Philippines.

CHARLES BECKETT DIES

UPPER SANDUSKY, March 2—Word was received by friends of the death of Charles W. Beckett, 69, a former resident of this vicinity, which occurred Tuesday at Rome, N. Y. Mr. Beckett was born at Little Sandusky. He was an oil well driller. After retiring from the oil business he and his wife moved to Sangerfield, N. Y., where they operated a gasoline station until the death of Mrs. Beckett, several years ago.

RITES AT ADA TODAY

KENTON, March 2—Rites were held this afternoon in Ada for Mrs. James Carey, 70, who died in Antonio hospital here Tuesday after illness of one week with pneumonia. Surviving are the husband, a daughter and one son.

Hardin County Family
To Receive REA Award

Special to The Star

KENTON, March 2—The Will R. Scott family of west of Kenton will receive the REA war food production award for "putting electricity into overalls" at the annual meeting of the United Rural Electric Cooperative, Inc., next Tuesday afternoon. Manager W. C. Ewing announced today.

The Scotts are parents of a daughter and three sons, all of whom are away from home. So they teamed together, worked

longer hours in the field and did their chores after night with the help of electricity. "In this manner, their farm operations have been maintained and the usual amount of food has been raised and preserved," said a statement from Mr. Ewing. Until 1941, they were aided by a son, Technical Sergeant Walter R. Scott, now on the island of Corsica.

Fighting Tanks from Italy to the Solomon Sea blood plasma. Marion has been asked to supply 523 pints March 6, 7 and 8. Telephone 2431 and get an appointment.

FIFTY couples danced at the "March Frolic" held by the Nine to Twelve Dance club last night at the Elks' hall. Mr. and Mrs. Russell Youngblood were guests. The host and hostess committee was headed by Mr. and Mrs. Paul Frye and assisting on the committee were Mr. and Mrs. H. H. Snuffer, Mr. and Mrs. J. L. Lloyd, Mr. and Mrs. Myron Hollinshead, Mr. and Mrs. Harold Carroll and Mr. and Mrs. Donald Quinlan.

MRS. HORACE COXEY was hostess when the Elks' Women's club met yesterday afternoon at the Elks' hall. A contribution was made to the Red Cross. Guests were Mrs. W. L. Carr of Columbus, and Mrs. M. D. Porter. Honors in cards went to Mrs. R. E. O'Connell, contract, Mrs. F. H. Moore, auction, and Mrs. E. L. Brewer, euchre.

Miss Jean Swain, who will become the bride of Rev. Winston Bell, Sunday, was complimented with a personal shower and dessert bridge, given by Mrs. E. J. Leatherman and Mrs. Charles H. Isaly at the Isaly home on Vernon Heights boulevard, Feb. 26. The tables were decorated in peach and blue and each guest was presented a Talmadge rose. Miss Swain found her gifts by following strings which started at the foot of the stairs and went throughout the house. Honors in bridge were won by Miss Virginia Llewellyn and Miss Mildred Young. Guests were Miss Mary Ann Houghton, Miss Llewellyn, Miss Young, Miss Anna Marie Isaly, Miss Eleanor Swain, Miss Edward Manor, Mrs. William McFate, Mrs. Richard Andrews and Mrs. J. B. Swain.

Mrs. Wilma Clark was hostess to the Three G's club Tuesday evening at her home at 202 Orchard street. Cottle was played and honors were won by Mrs. Thelma Crissinger, Mrs. Sena Carder and Mrs. Mary Catherine Haycock. Other contest prizes were won by Mrs. Ruth McIntire, Mrs. Carroll Grolinger and Mrs. Garret Habluetzel. The hostess was assisted in serving by Mrs. Dave Cushman.

Mr. and Mrs. Paul Llewellyn of near Richmond entertained with a Leap Year party Tuesday evening. A potluck dinner was served in honor of Mrs. Ralph Hartley, who celebrated her birthday Monday. Guests were Mrs. Virginia Brown, Miss Jessie McAfee, Miss Margaret McAfee, Mrs. Marion Seckle and Mr. and Mrs. Ralph Hartley.

Mrs. A. N. Grimes entertained the Searchlight club which met Tuesday evening at the home of Mrs. R. A. Garwin of Summit street. Devotions on "Deeper Spiritual Life" taken from John 14, were led by Mrs. S. L. Surface, followed by prayer for service men and women. Roll call was answered with current events. A contribution of \$5 was made to the Red Cross. Mrs. R. P. Thatcher

read a paper on "Cathina Island" and Mrs. H. C. King talked on "San Diego."

Mrs. F. L. Carhart of 357 Mt. Vernon avenue entertained the Research club at her home Monday afternoon. Mrs. E. L. Bush read a paper on "Modern Trends in Christianity" and Mrs. C. J. Beaver gave a review of "China's Amazing Women." Closing remarks on the two subjects were made by Miss Margaret Huffman.

Mrs. Kelly Vance was hostess when the Tuesday Study club met at her home on Hane avenue, Tuesday evening. Arrangements were made for the club radio program on March 9. A paper entitled "Lead Lease Is a Two-Way Benefit," prepared by Mrs. A. L. Bantz, was read by Mrs. Mary Goss. Mrs. Edward Huber read a paper on "Curacao and Aruba on Guard."

Mrs. Ellis Wilson was elected president of the Child Study club which met Monday evening at the home of Mrs. Robert Penniston of Hane avenue. Elected to serve with Mrs. Wilson were Mrs. John Gilks, vice president; Mrs. William Stonebraker, recording secretary; and Mrs. Jack Gickler, treasurer. Mrs. Lowell Williams read a paper on "Preparing the Child for School." A gift award was won by Mrs. Paul Frye.

Miss Della Haruff, whose marriage to Mr. William Hostler of New Jersey will take place Sunday, was complimented with a miscellaneous shower given by Mrs. Ralph Haruff and Mrs. Raymond Myers Tuesday evening at Hotel Harding. Guests were Mrs. Sterling Baker of Mansfield, Mrs. Elmer Haruff, Miss Dorothy Haruff, Mrs. Dallas Haruff, Mrs. Ben Hunnam, Mrs. Clarence Salter, Mrs. Charles Williams, Mrs. Marvin Thomas and Mrs. Margaret Wheeler. The evening was spent playing bingo.

A birthday dinner was given Sunday at the home of Mr. and Mrs. Frank Beckley of West Columbia street in honor of Raymond LeRoy Cottrell, who was one year old Sunday. The child is the son of Cpl. and Mrs. Russell C. Cottrell. Cpl. Cottrell is stationed as a first cook, somewhere in England. Present were Mrs. Lloyd Ware and daughters of Huntington, Ind. Mr. and Mrs. C. J. Smith of near Marion, Mr. and Mrs. C. W. Cottrell, Mrs. Beulah Burnison and daughter Gloria Jean, Mrs. Virginia Zupan, Mrs. Ruth Cottrell and Francis Beckley.

Mr. and Mrs. Nick Maniaci of 719 Silver street are announcing the engagement of their daughter, Mary Ann, to Carmen A. Caluso of Wellsville, O. No date has been set for the wedding.

FATTY ACIDS make plastics pliable at all temperatures. These plastic sheets enable the army to get mechanical parts to battlefronts free from rust and corrosion. Turn in your used kitchen fats for cash and extra ration points.

Week's Notes On Music in Marion

Three programs are yet in store for persons holding patron tickets for Lecture-Recital club concert series. Tickets still may be obtained from any member of the club. They are \$1 and entitle you to attend the three concerts: Edwin Arthur Kraft, organist program, March 13; Dolores Holz, child pianist program, March 27, and the Study Group program, April 17. The Edwin Arthur Kraft program will be presented at Presbyterian church, the other programs at Hotel Harding ballroom. Single admission tickets for the Kraft concert may be purchased at 50 cents each. No tickets will be sold at the church for this concert. Student tickets at special prices.

Lecture-Recital club chorus rehearsal will be held tonight at 8:30 at Republican headquarters. Numbers are being rehearsed for the Federation program.

"Respond with a Bond" is the March slogan of the Juvenile Lecture-Recital club bond sellers. Charles Pensinger, president of the group, announces a continuation of the sale of stamps and bonds for the duration. The "Ohio Music Club News" praises this group for their continued efforts. Dr. Edward Ellsworth Hipsher will be guest speaker at the March meeting, Monday evening. He will speak on "Music Composition."

"Musical Instruments are still needed for our returned soldiers at Fletcher hospital, Cambridge, O. They want music. We can help greatly. If you have a musical instrument or male quartet music, phone 9230."

Season tickets for Harding High band and orchestra concerts are on sale by members of the Harding High Band and Orchestra Parents' association and Harding High band and orchestra members. Price of tickets \$1 for adults and 50c for students. The first concert will be the band concert at Ohio theater March 20.

East Side Mothersingers are rehearsing for a number of spring programs. Mrs. W. J. Wise, director, announces next week's meeting will be held at Vernon Heights school Wednesday afternoon.

Marion Civic Chorus rehearsals will start in the very near future.

Marion Steam Shovel chorus rehearsal with Merle Lashey directing will be held tonight at the Steam Shovel rooms.

District Gas Co. Group Guests at Dinner in Galion

Women of the Bucyrus, Galion and Marion offices of the Ohio Fuel Gas Co. were entertained at a dinner at Shaw's Restaurant in Galion, Monday night. The table was centered with a lighted lantern and decorated in an old-time theme.

Following the dinner the group went to the Galion office and hearts were played. Miss Bertha Caldwell, who was celebrating her birthday, was surprised with a cake and gifts. A lunch was served by Miss Bette Dukeman of Galion, assisted by Miss Mary Heldman.

Present were Miss Betty Kish and Miss Margery Olinger of Bucyrus, Miss Janet Cochran, Miss Elizabeth Haberman, Miss Silvia Schneider, Miss Heldman, Miss Leola Click and Mrs. Harvey Four.

IT PAYS TO SAVE FATS. It pays you four cents a pound. It pays you extra ration points.

Miss Mary Hume Former Resident of Marion, Weds

Word has been received of the marriage of Miss Mary Louise Hume, daughter of Mr. and Mrs. Rodney B. Hume, former Marion residents, now of Toledo, to Flight Commander Robert Dalley Watts of Toledo. The ceremony was performed by Dr. Lincoln Long, pastor of Collingwood Presbyterian church in Toledo, at 7:30 p. m. Feb. 8 in the chapel.

The bridegroom was of white satin and chiton with a finger-length double veil of illusion, attached to a halo, banded in white satin and seed pearls. Her flowers were white roses and baby breath, centered with a white orchid and tied with a shower of white satin ribbon. The bride's only attendant was Mrs. Corinne Brown, and Claude H. Watts Jr. served his brother as best man.

A reception at the church immediately followed the ceremony and a dinner for the bridal party, family and close friends was given at the Hillcrest hotel. The couple then left by plane for New Orleans.

The new Mrs. Watts is well known in Marion and is the niece of Mr. and Mrs. Jay H. Malish and Mr. and Mrs. Harry J. Mautz, who attended the wedding.

Sensible Shoes For Feminine Wear Seen

WASHINGTON—Not that the post-war world will discover women regularly wearing hobnailed boots and steel helmets, properly garbed with a seagull feather or a sprig of hawser, but—The U. S. Department of Commerce, in the monthly publication "Domestic Commerce," foresees women in war industries acting as a "spearshead in a post-war demand for comfortable, informal clothes and sensible shoes."

And it admonishes "farsighted businessmen everywhere" to take cognizance of these possible changes in tastes and habits if they are to survive the "heightened competition in a world which may well be quite different from that which we have known."

GOOD NEWS

By International News Service
PITTSBURGH—Bad news got a head start to the Colton family of East Liberty, Pittsburgh, but good news got there first. Marine Pfc Joseph Colton, wounded at Tawana, arrived home four days before the casualty list was published.

KNIGHT FACING KENTON TRIAL

Will Take Convict Into Custody at Ohio Penitentiary.

COLUMBUS, O., March 2.—When Knight, 44, is freed from penitentiary a week later, he will be Sheriff Randall R. Clark on first degree murder.

Rex W. Hanna to determine new indictment is necessary. Knight must be rearrested or whether the court can take the old "guilty" plea of Knight when arrested July 14, 1934, for the murder of Loyal W. Bean, grocer, as the business taken home on the night of July 14, 1934, with the day's record plea is legal, then

Ben Curl, Dunkirk, who was found guilty of first degree murder, earlier this week the second appellate court ruled Knight had been imprisoned illegally because Judge Hamilton E. Hoge accepted his guilty plea without calling in two other judges to weigh the evidence. The man, extradited from Kansas and returned here in an ambulance because he was suffering from appendicitis, was sentenced by Judge Hoge to life imprisonment in the Ohio penitentiary.

Jointly indicted with him were

Television Network Seen in Statement from NBC

By The Associated Press
NEW YORK, March 2.—Any doubt that there might be for a long delay in the establishment of interconnecting networks for television after the war seems now to have been somewhat allayed.

A statement just issued by Niles Trammell, president of NBC, to affiliated stations of the network said his company's policy on television would continue to be one of doing everything possible to make television "a major service of the twentieth century."

Tonight: NBC—8:30 March of Time, Wendell Willkie, BLU—7:30 Town Meeting "Foreign Policy."

Friday: CBS—3 Broadway Matinee, Mrs. Jimmy Doolittle.

Conference Scheduled at Wyandot Co. Church

UPPER SANDUSKY, O., March 2.—A practical rather than a theoretical discussion of factors in international relations that make for peace will be the aim of the interdenominational Wyandot County Conference on "World Government" to be held Friday, March 17, at Trinity Evangelical church here, with morning, afternoon and evening sessions.

The list of questions to be submitted to the conference for consideration has been received by Scarpel of Warren last Sept. 30, the group of local pastors who are in a hit-skip accident. Reagan is making the arrangements and striving to en-

Is Yours a Lovely Modern Kitchen?

Is it a room that excites the admiration of your friends? A room that you are proud to show to your guests?

Is it a room that is easily cleaned—one that saves you all that hard work of constant scrubbing—a place in which it is a pleasure to work?

That is the kind of floor we will install for you—the kind we have been creating for hundreds of satisfied clients.

Building such a floor calls for expert, experienced planning and special equipment.

Just any Inlaid Linoleum won't do. Most inlaid installations are drab, unsightly, hard-to-clean rooms that call for constant scrubbing.

Bring your plans to us. We show thousands and thousands of yards of Armstrong Inlaid—not small samples—but full rolls.

Here you choose from every pattern in the big Armstrong line. Here you are assured of a floor that will be installed by expert mechanics who have been carefully trained in the Armstrong school for layers.

Here you will be certain that your work will be planned with care that will assure you of a room that you will be proud to show your friends. And a room that will save you hours and hours of hard work of scrubbing.

Now this special service is not expensive. You will be surprised to learn how little it will cost to have Lennon's make yours a modern kitchen that will endure as long as the house itself.

Lennon's

ribbon for good behavior and efficient work recently.

Harold Rietzer, seaman second class in the Seabees, has arrived overseas, according to word received by his wife, Mrs. Harold Rietzer of 295 Patton street. He is a son of Mr. and Mrs. J. F. Rietzer of Claridon.

Gene Bianchi has been promoted to sergeant overseas, according to word received by his parents, Mr. and Mrs. Sam Bianchi of 234 North Prospect street. He has been overseas over a year.

Harold E. Kates, recently graduated from Naval storeroom school at Newport, R. I., and promoted to seaman first class, is at home on a 10-day leave. He is visiting his wife, Mrs. Mary E. Kates, and his parents, Mr. and Mrs. M. E. Kates, of 415 Unepher avenue. After his leave he will report to Norfolk, Va.

Pvt. Jack Chevalier Jr. has arrived in New Guinea with a field artillery unit, according to word received by his parents, Mr. and Mrs. Jack Chevalier of 462 Decatur street. He has been in the service almost a year.

Robert A. Bartlett, son of Mr. and Mrs. Clifford L. Bartlett of 200 East Center street, stationed with a railroad operation battalion at Camp Cushing, Texas, has been advanced to sergeant, word received by his parents states.

Merle Baumgartner, seaman second class in the Navy, has been assigned to a yeoman's school at the Great Lakes Naval Training station in Illinois, according to word received by his wife, Mrs. Merle Baumgartner, and his mother, Mrs. Mary Baumgartner of near Prospect. He was at home on a 15-day leave recently.

Harold D. Rice has been promoted to sergeant in North Africa, according to word received by friends here. He is with a depot guard there. In the service two years and overseas since Christmas, he was formerly a switch-tender for the Erie railroad here before entering the service.

Pacific War Veteran Is Visitor at Nevada

NEVADA—Ben Smith, B.M. 1/2, and Mrs. Smith of Long Beach, Calif., spent several days with Mr. and Mrs. Orville Boggs. Mrs. Smith is a sister of Mr. Boggs. Mr. Smith was on the battleship Pennsylvania at Pearl Harbor when it was bombed and has been in seven battles in the Pacific since. Came back for special training at the Philadelphia Navy Yard.

Mrs. R. E. Swartz reviewed "A Latin American Speaks" by Luis Quintanilla at the meeting of the Current Events club on Monday night at the home of Mrs. Maude Hagerman.

Cpl. James McClain and Pvt. Van Lee Rittersbach, both of Camp Polk, La., are spending furloughs with their parents, Mr. and Mrs. Ora McClain and Mr. and Mrs. Edward Siefert.

Carl Case of northwest of Nevada was in a three-car collision recently at Columbus which included a car in which Mayor and Mrs. James A. Rhodes of Columbus were riding. Mrs. Rhodes suffered minor injuries.

Mrs. R. E. Cover southeast of Nevada was called to Huntington, Pa., by the death and burial of a cousin, Bernard Wallace. He had been a frequent visitor in this vicinity.

Mr. and Mrs. Clarence Snively were called to Marion by the critical illness of their daughter, Mrs. Gilbert Rank. Blood transfusions were given at the Marion City hospital. She is improved.

The New Year will mean new battles. New battles mean new casualties. Most of those men can be saved. According to the Army and Navy, less than three and a half per cent of the men wounded in action are lost. Plasma and serum albumin from blood donated to the Red Cross in this country is given as the foremost reason for this remarkable record. Telephone 2864 or 2431 today. A wounded man is counting on you to save his life!

LOWE BROTHERS QUICK DRYING FLOOR ENAMEL is a real floor finish. It's so tough that it withstands the hardest kind of wear. It's easy to apply—dries in a few hours—and is easy to keep clean. For either wood or cement interior floors. Ask us about this long-lasting floor enamel!

Richwood Music Club Members Entertain

SPECIAL TO THE STAR. RICHWOOD—The Richwood Music club entertained the Fortnightly Literary club Thursday at the home of Mrs. Cara Jacobs. The president, Mrs. Ruby Temple, opened the meeting and Mrs. Harold Winter had charge of the program. Miss Dorothy Gail Stephenson, Edna Koenig of Marion and Margaret Cleveland sang. Piano numbers were played by Marjorie Sanders, Cara Jacobs, Louise Layman and Gladys Winter.

Mrs. Anna Livingston and Mrs. Lella Chapman entertained the Euchre club Thursday at the Livingston home. Mrs. Lucy Wynegar received the prizes for high score and the most lone hands played.

Mrs. Grace Cushman received the consolation prize and the guest prize went to Mrs. Harris.

The Jolly Circle of the Central Methodist church met Thursday at the church. A reading was given by the president, Dorothy Meader, on David Livingston.

Pfc. and Mrs. Stanley Howe of California are the parents of a son born Feb. 3. Mrs. Howe was formerly Miss Violet Reese of Marion.

A few drops IF YOUR NOSE 'CLOSES UP' TONIGHT

Put 3-pennies Vapo-rol up each nostril. It (1) soothes swollen membranes, (2) soothes irritation, (3) relieves transient nasal congestion... and brings greater breathing comfort. Follow the complete directions in folder. **VAPOROL**

SPRING MAGIC... In Smartness and Value!

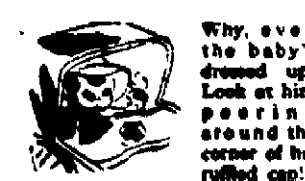

Spring Seasoning!
GAY DRESSES

6.90

Pin-slim one and two-pieces of printed or solid color rayon crepe, handsomely detailed. Sizes 12 to 20.

BRIEFLY...

You would not want a uniform to a formal wedding or a dinner gown to a picnic. So — you wear your lacy mesh stockings with your sport suit or your service rayon dress for church, and your "bareleg" hose with your pin-striped housecoat with the rickrack all around. The right hosiery adds individuality to every change of costume!

Why, even the baby's dressed up! Look at him peering around the corner of his ruffled cap! "What noisy people around my carriage today. What a rascal! I wish my coat for it's a different one. Guess I'll touch up my new shoes. No, I won't. This bow on my blanket is nice to pull at. Oh, I lost it. No, here it is again. Guess I'll go to sleep!"

Next before breakfast — in a sturdy, good-looking Gossamer robe. Changing several layers are covered — tied in front with a wide sash. You'll get a pack of pleasure and use out of it!

Magic Formula

For a Go-Everywhere Spring Wardrobe
Flower-Toned All-Wool Coats and Suits

19.75

THE COATS are metriculously styled to give easy fullness over suits or spring dresses. Ever-popular Chesterfields or boy coats built of all wool Shetland-typed fabric in wonderful pastels. Handsomely lined with matching rayon crepe. Sizes 10 to 44.

THE SUITS are masterfully tailored with the self-assured lines, the flawless detailing you demand of your round-the-clock clothes. Man-tailored or gently softened with rucks and darts, the broad-shouldered jackets top slimly pleated skirts with an air of easy grace. Of soft wool fabric in water-color pastels. 10 to 18.

SCIOTO PLANT

(Continued from Page 1)

Chamber of Commerce proposes the following:

1. No major buildings should be dismantled until all possible avenues of use have been explored.
2. The industrial areas should be offered for sale at an appraised price to manufacturers for general manufacturing purposes.
3. Land suitable for agricultural purposes should be made available by sales procedure to farmers. Tracts should be offered in comparable size to the average farms of the community.
4. A portion of the property should be made available to the proper parties for airport facilities.
5. Those areas which do not lend themselves for general farming should be so divided that they will be available for small home sites.
6. The board of directors offers its cooperation to the Corps of Engineers, U. S. Army, for the disposal of the real property of the plant and urges that close cooperation be maintained by the Army, the city and county of Marion and those non-profit organizations which are of a civic or commercial nature.

The biggest diamond find in South Africa was the "Cullinan," which weighed about 3,106 carats.

OFFICER PROMOTED
to the Lieutenant Grade
COLUMBUS, O., March 2 — State selective service headquarters reported today promotion of Maj. William P. Averitt, Ohio executive officer, to the rank of lieutenant colonel. Colonel Averitt came to state headquarters March 26, 1942, from Connecticut selective service headquarters. His home is in West Hartford, Conn.

Two Factory Workers

Suffer Foot Injuries

Two Marion factory workers, suffering foot injuries Wednesday afternoon, were admitted to City hospital.

CLUB CO-ED

(Continued from Page 1)

Whether the project had been started.

Other Projects Urged

Two suggestions were made for separate projects to supplement the Club-coed program. One was made by Rev. Father William J. Spickman of St. Mary's Catholic church, who voiced the hope that the new recreation project would be followed up by a vigorous effort to eliminate any unwholesome influence in any commercial places open to boys and girls of Marion county.

The other supplementary project urged for consideration at some other times is a program to reach boys and girls of junior high school age. Previously, half a dozen speakers had urged that the club stand pat on its decision to limit membership in Club-coed to boys and girls of senior high school age.

They cited experiences in Girl Scout and Girl Reserve work to support the club's opinion that greater interest is maintained in recreational activities if girls of senior and junior high school ages are handled in separate groups rather than in one large group.

School principals also made the point that senior high school pupils logically plan their activities around the downtown district, whereas junior high school boys and girls usually center their activities around their own neighborhood or own junior high school, and they urged that this situation not be disturbed.

However, there was talk about a possible supplementary program to each junior high school group, and also about the possibility of inviting the junior high school groups into the Club Co-ed at intervals for special group events.

Visited Nearby Cities

Mr. Luse, in presenting the project from the Y's Men's club viewpoint, said he and the committee that visited youth centers in other cities learned that clubs were more successful if the sponsors avoid trying to plan "every minute" of their time. He said the soda fountain and booths, plus the ping-pong tables and record player for dancing in the adjoining room, should give Marion more elaborate facilities for club use than most other cities in this part of the state offer their clubs.

Miss Vivian Loyer, head of the Club Co-ed organization at Harding High, thanked the club for what it has done in making the rooms possible.

Most of the guests, who were called on individually by Arthur Zachman, vice president of the Y's Men's club, to express their views not only pledged their cooperation and praised the club for launching the project, but several asked questions and made suggestions.

to high school graduates who have of the school who helped bring in over \$15,000 of bonds for the purchase of a new airplane, are celebrating the success of the drive.

Next Thursday will be the last day in the present high school bond drive.

Common Pleas Judge Hector S.

Young, who made the point that the club is not intended as a cure-all for juvenile delinquency, and who said it is a project for boys and girls who are not "undisciplined," emphasized in connection with his remarks that the club will not interfere in any way or diminish the activities of the Y. M. C. A. carries on for underprivileged boys and girls through the other phases of the Y program.

List of Speakers

Those who spoke in addition to Mr. Luse, Mr. Zachman, Judge Young, Miss Loyer and Rev. Father Spickman included the following: Louis E. Michel, secretary of the Chamber of Commerce, Frank M. Foster, president of the Chamber, Mayor H. L. Dowler; Mrs. Robert Peniston, representing the Parent-Teacher council; Miss Ruth Kleinmaier representing Altrusa club; John Lacey, Lions club; Henry Krugbaum, Kiwanis club; W. E. Orcutt, Central Junior High school; Adrien Busick, Rotary club; E. G. Seifert, president of the Y. M. C. A. board; Mrs. Earl N. Hale, Girl Reserve; Mr. Frank Foster and Mrs. Merle Hamilton, both Girl Reserve council; Miss Edith Treat, Girl Scouts; Mrs. Carl W. Sawyer, Marion County Federation of Women's clubs; Cecil Gabler, Vernon Heights Junior High school; James E. Freese, Thomas A. Eason Junior High school; Hugh Hay, Boy Scouts; Albert C. May, Harding High school; A. T. Allen, visiting teacher in city schools; Rev. Garin Roebuck, Marion County Ministerial association.

The meeting opened with invocation by Father Spickman and songs led by John Waddell with Richard Myers playing accompaniment. Arthur Ciesap was introduced as a club guest. A prize in a fund-raising contest for the club project was awarded to Elmer Compton.

Missionary Talks

at Guild Meeting

Guests of members of the Wesleyan Service Guild of Epworth Methodist church, joined them Wednesday night at the Manor House when Mrs. Ernest F. Weiss, returned missionary from China, was guest speaker. The guests were welcomed by Miss Rita Van Meter, president of the guild, and devotionals were led by Miss Elizabeth Pace. Mrs. Weiss displayed a number of Chinese souvenirs. Mrs. S. M. Ingmire and Miss Margaret Huffman presided at the table for refreshments following the program.

Army Maps Training

for Blinded Veterans

WASHINGTON, March 2—Men blinded in the war will be given social adjustment training at a new army medical center before their release, Secretary of War Stimson announced today.

Central Jr. High Loses

to Alumni, 30 to 28

An alumni team defeated Central Junior high's cagers, 30 to 28, last night on the gymnasium floor. The varsity held the lead until the third quarter when the alumni scored a winning field goal.

Facilities Called Ample

One question was how many students could be accommodated in the quarters. The answer was that if all of the students eligible would join the club, the facilities would be ample, because not all of them would be there at the same time. When asked about hours, Mr. Luse said tentative plans are to have the rooms open from 4 to 5:30 and 7:30 to 10 on school-day nights and possibly extend closing time to later hours on Friday and Saturday nights largely to discourage "stop-offs" at other places on the way home. Requirements for membership include paying dues to belong to the club and virtually the only other requirement is good behavior, he said. He said a Y's Men's club member and his wife are to be at the center each night it is open.

When the question was raised about making membership available to boys and girls of high school age who have quit school to work, it was explained that no definite rule had been set, but it was expected the students in the club might want to make membership available to these and also

WOMAN SLAIN
IN CATHEDRAL

Bludgeoned Body of Library

Employee Found in Basement Pit.

The amount each individual school in the city netted in the salvage paper drive conducted last Friday in the city and county schools was announced today by Supt. E. E. Holt.

Each school will retain its share of the \$869.14 total, and will use it to purchase books, school equipment or dispose of it in any way it may choose.

Topping the list is Paul street schools, netting the following amounts: Glenwood \$42, Forest Lawn \$68.06, Greenwood \$156.18, Mark Street \$73.56, George Washington \$96, North Main \$17.59, Oak Street \$47.97, Oakland \$93.05, Olney \$72.84, Silver \$29.28.

A complete report from the schools in the county has not been made as yet.

Two Young Women

Fined in City Court

Two young women, both giving their ages as 18, were fined \$25 each and costs on charges of being suspicious persons when they pleaded guilty in municipal court yesterday.

When assigned also on charges of petty larceny in connection with the theft of salt and pepper shakers from a Marion restaurant, they were given suspended fines of \$50 each. The suspension of one young woman was conditioned on her immediate departure from Marion. The other, whose home is in Marion, was told the fine would be suspended on the condition of good behavior in the future.

Two other young women were arrested last night by police on charges of being suspicious persons. They were taken into custody in the downtown district. Both gave Marion addresses. They are to appear in municipal court today.

Two Killed in Auto

Accident Near Tiffin

TIFFIN, O. March 2—Two persons were killed and one critically injured two miles west of here today as the automobile in which they were riding missed a turn enroute to Tiffin from Fostoria.

Sheriff George R. Steinmetz identified the dead as Leighton H. Baker, 35, Tiffin mail carrier, and Dewey C. Cook, 40, tavern keeper. Don H. Delaplane, 52, Tiffin mail messenger, suffered a fractured skull.

SEE LITTLE EFFECT

OF PRICE CONTROL

CHICAGO, Feb. 28—The live cattle price control program which went into effect Jan. 31 apparently has had little effect on the sale prices of most grades of steers, Iowa State college extension agricultural economists said today.

The maximum and minimum control prices, are figured on a monthly expenditure so a buyer may pay as much as he wants one day, but his monthly total must remain within certain specified amounts.

In the monthly farm outlook, Iowa farm economists stated that the program, which permits considerable flexibility in cattle prices, will not seriously interfere with normal seasonal movements in live cattle prices. They said for short periods of time prices of one grade or another may fluctuate contrary to the usual seasonal levels, but this would be due largely to features other than price control.

Comparative prices of livestock as announced by the war food administration show that top grade steers and heifers are bringing about the same prices as a year ago, while medium and lower grades have declined somewhat.

Good and choice fed steers and yearlings closed 25 cents higher for last week. The top of \$17 was paid freely for choice steers and yearlings. Hog prices were generally higher on all classes with the week's top price of \$14 paid for a pair of 230 to 260 pound butchers. Good and choice fed western lambs topped at \$16.70 for the week.

OHIO CITIES ADOPT

PRICE ORDINANCES

CLEVELAND, O. Feb. 28—At least 20 Ohio cities have enacted laws making it a municipal offense to violate office of price administration regulations, and four other major cities have so far rejected proposals they follow the same procedure, the OPA reported Saturday.

Fifty-eight cases of ration violations have been filed under municipal laws in Ohio, the OPA said, and ten of them, filed at Cleveland Heights, resulted in an appeal attacking the law's constitutionality.

The municipal law was held valid by the Ohio appellate court and later appealed to a Michigan tribunal.

The Cuyahoga county court of appeals upheld constitutionality of Cleveland's OPA ordinances in a unanimous decision Friday.

Youngstown was one of the first cities in the country to enact a so-called "black market ordinance," when an ordinance was passed last July embodying OPA regulations. The city now has a "black market" division of police and some convictions have been obtained.

The OPA proposed a similar ordinance for Cincinnati, but council's law committee declined to take action on grounds such legislation would make the city a police authority for the federal government.

Manfield's city council rejected on similar grounds an OPA request to use municipal courts for prosecuting such violations.

Dayton and Akron also have declined to carry out similar requests.

Other Ohio cities having OPA-supporting laws include Cleveland, Lorain, Painesville, Niles, Berberon, Ashtabula and Warren.

BUCYRUS OPERATORS

RETURN TO BOARDS

BUCYRUS, March 2—Bucyrus telephone company toll operators were back on the job after returning away from their switch Mrs. E. W. Wawick presided and bowed for three hours Wednesday afternoon for an increased wage scale met with no response from company officials. They testified during the day to the fact that they had organized only after a letter to the general manager asking an increased wage scale was ignored. In a statement today from George H. Quatman, general manager, he said, "The company had no knowledge of any union organization. No demands were made and no conferences were asked."

Operators are asking 10 cents an hour as a minimum and a 50 cent rate for experienced operators. Operators now receive from \$5 to 48 cents according to their years of service.

Bucyrus, Marion Group

at Shower in Galion

GALION, March 2—Girls of the Bucyrus and Marion offices of the Ohio Fuel Gas company were entertained in Galion, this week by Misses Bertha Goldwell and Betty Dukeman. A dinner at the Sherry restaurant was followed with social hours in the office suite of the local gas company. In honor of her birthday, the group presented Miss Goldwell with a shower of comical novelties, and then gave her a gift. Filles in the times of heart went to Bertha Chacopoulos and Mildred Fout. A surprise birthday cake and ice cream were served at the close of the evening by C. L. Baxley, local manager. The guests from Marion were Leota Cline, Sylvia Schueler, Elizabeth Haldeman, Mary Heidman, Mildred Fout, Jane Cochran, and from Bucyrus came Betty Kish and Myrlorie Olinger. Bertha Chacopoulos of Galion, also was a guest.

A book review was given by Miss Robert Phillips for the meeting of the Sorosis club at the DeMiller home Wednesday. Mrs. Carl Gugler was hostess.

MURDERED IN CATHEDRAL

WASHINGTON, March 2—

What police called murder in the Washington cathedral provided them with a bizarre mystery today as they sought to solve the death of Miss Catherine Cooper Readon, 37, assistant librarian of the cathedral, whose battered body was found in the library stacks. Miss Readon had been missing from home since late yesterday after telling her mother she was "going out for a while."

TURKISH AID ENDED

LONDON, March 2—

Reports that lend-lease arms shipments to Turkey had been stopped were interpreted today as meaningful efforts to obtain Turkish military action against Germany had come to an unsuccessful end. "Arms had been sent to Turkey to kill Germans," an expatriate source said. "They haven't been used for that purpose and we have other uses for them."

Schools' Drive

Profits Listed

The amount each individual school in the city netted in the salvage paper drive conducted last Friday in the city and county schools was announced today by Supt. E. E. Holt. Each school will retain its share of the \$869.14 total, and will use it to purchase books, school equipment or dispose of it in any way it may choose. LAMB BREAST, Fine for Stew 19c

Dish for Hurry-Up Dinner

By ALICE DENHOFF.

The cook who uses leftover, whether meat, fish, poultry or vegetables, is usually an adept at making curries. She knows that a good curry is one of the basic standbys of the restaurant chef. It is an excellent dish for a rush dinner and in its more elaborate form, it is a fine company dish. It is a grand hurry-up trick, too, and an economy prop into the bargain.

Lamb shanks, a good, cheap source of tender lamb, are delicious curried, either in their whole form or else cooked and stripped of their meat. Crisp sticks of raw cucumber make an especially delicious relish to serve with cold meats or fish and indeed will give a lift to any meal.

Cucumber Relish.

To make this relish peel one large cucumber, then cut in lengthwise halves. Remove seeds. Cut sticks three inches long and one-half inch wide. Put sticks in bowl and cover with dressing and set for one hour in refrigerator.

To make the dressing combine and shake well the following ingredients: Half cup salad oil, 3 tablespoons vinegar, teaspoon salt, 1/4 teaspoon paprika, teaspoon sugar, tablespoon curry powder, tablespoon grated onion.

Now for the recipe for curried lamb shanks: Roll 2 lamb shanks in flour and brown with 1/2 onion in tablespoon fat for 10 to 15 minutes. Add 2 cups water, (teaspoon salt, 1/2 teaspoon pepper and simmer for 1 1/2 hours. When tender, add 1/4 teaspoon curry powder, and thicken gravy with 2 teaspoons flour mixed with 1/4 cup cold water. Serve on bed of fluffy cooked rice with curry sauce for gravy.

Curried Eggs.

Curried eggs for luncheon or supper makes a nice change from omelets or other commonplace egg dishes. Cook teaspoon finely minced onion in two tablespoons butter or substitute until it begins to turn color, then add teaspoon curry powder, tablespoon flour and teaspoon salt, and when smoothly blended, 1 1/2 cups stock. Stir until boiling. Use a metal spoon for the flavor of curry shings to wood. Simmer mixture for 10 minutes. Then add 8 hard-boiled eggs that have been quartered. Heat through without boiling, then add teaspoon lemon juice. Serve with boiled rice.

Award Received By

Caledonia Legion Post

The Atherton Victory Award for 1944 was presented to Caledonia Post No. 401, American Legion, which met Saturday night at the home of Louis Sichel in Caledonia. The award is a six-foot red ribbon reading "National Commander, Atherton Victory Award 1944" and was won for having attained the 1944 quota between Nov. 11, 1943 and Jan. 1, 1944. It will be attached to the Legion color flagstaff.

Rev. R. S. McCutchen of Memorial Methodist church was a guest and spoke on the new Boy Scout troop being formed in Caledonia. Plans were made to aid the scout movement. Plans also were made for the post and auxiliary to attend Memorial Day services on May 28 at the evening service of the Universalist church.

A lunch was served by Mr. Sichel. The post will next meet with Glenn Allen of Marion. Mention of curry brings to mind another favorite of Indian cuisine, chutney. Here's an authentic recipe for apple chutney—that is, authentic when reduced to ingredients commonplace in our kitchens. To make 3 or 4 portions of Seb Chutney or apple chutney, scald, peel and seed one large green pepper, which when minced

Home-Made Rolls
for Dinner Guests

By BETSY NEWMAN

Delicious dinner guests are more than happy to eat rolls, especially hot rolls. If you know how to make them, please them.

MENU

Bacon, Onions, Stewed Rice, Tossed Green Beans, Refrigerator Rolls, Dutch Apple Pie, Cheese, Coffee.

Steamed Rice

1 c. white rice, 1 tsp. salt, 1 1/2 c. water or sweet milk. Put rice, which has been washed with water and cook in double boiler and cook until water is absorbed and rice is fluffy. Serve immediately.

Refrigerator Rolls

2 cakes compressed yeast, 1/4 c. sugar, 1 c. milk, 1 tsp. salt, 1/2 c. rendered fat or drippings, 4 1/2 to 5 c. flour, 3 eggs.

Crumble yeast and add sugar; let stand 15 to 20 minutes to liquify. Scald milk, add melted fat and salt and cool to lukewarm. Add yeast and beaten eggs; add flour, mixing thoroughly. Turn out on lightly floured board and knead until satiny. Place in greased bowl, cover and let rise until doubled, about 2 hours. Punch down, form into smooth ball, grease surface lightly, cover well and put in refrigerator. Take out each time the amount required and cover remainder and set away until more is needed. If desired, add just enough flour for handling when formed into rolls. Shape into clover-leaf rolls or any style desired and put in pans to double, about 3 hours before ready to bake. Bake in moderately hot oven (425 de-

grees F.) 15 to 20 minutes. Makes 3 dozen rolls.

Dutch Apple Pie

6 or 8 apples, 1 c. sweet or sour cream, 1/2 c. granulated sugar, 1 c. brown sugar, 1/2 tsp. cinnamon, 3 tbsps. flour.

Wash, pare, core and quarter apples. Mix brown sugar and white, cinnamon and flour. Put half of this mixture in bottom of unbaked pie shell, add apples, arranging symmetrically. Mix cream with remaining flour and sugar and pour over top. Put in hot oven (450 degrees F.) and after 10 minutes reduce temperature to 325 degrees F. Bake pie approximately 45 minutes more or until apples are translucent and tender. Serve hot or cold.

Soft Custard

1 c. hot milk, 2 egg yolks, 3 tbsps. sugar, 1 tsp. flour, 1/2 tsp. lemon extract, 1/2 tsp. salt.

Cream eggs; sugar and salt, add hot milk slowly, and cook in double boiler, stirring constantly until custard coats spoon. Do not cook too long. Serve over pudding. Serves 6.

SCHICK TESTS GIVEN
1,000 COUNTY PUPILS

Only 67 Show Positive Reaction, Officials Report.

Approximately 1,000 children were examined in the annual Schick tests conducted in the county schools to determine susceptibility to diphtheria, by the county health department recently. Only 67 showed positive reaction and had to be immunized, and 128 were given the toxoid for the first time. The majority of the children in the group were of pre-school and first grade age.

According to the tests given, the number of susceptible children in the county has decreased more than one-half since 1938. This may mean, the health department states, that the results of the yearly tests are finding the children successfully immunized or that those needing the test have failed to receive it. The tests are voluntary.

The health officials are again urging the parents to take their children to the family doctor for diphtheria immunization, and explain that each child over six months of age should be successfully immunized against the disease.

The tests were given by Dr. N. S. Siffritt, county health commissioner, assisted by his staff of four nurses, Miss Helen Kater, Miss Pauline Ridenour, Miss Geneva Dutt and Miss Nancy Lawson.

The next countywide program scheduled by the health department will be in the tuberculin skin testing in the city and county schools in April.

"IT'S SABOTAGE" to waste used household fats, says an A.A.P. bulletin posted in mess halls throughout the country. Turn in your used kitchen fats for cash and extra ration points.

Morrow Co. Pig Brings
Red Cross Fund \$96

The Morrow County Red Cross War Fund Drive headed into the 1944 campaign with a starting balance of \$46, proceeds of the sale of one 80 pound pig. Harold Osmon, township chairman, announced today.

The one-pig auction took place Monday at the weekly stock sale at Caledonia, when the pig, donated by Emerson Carmean of Cansan township, changed hands 14 times.

Oven Dinners Still Timely

ALICE DENHOFF
 day or even a run-
 don't make Spring, so
 that it is in order
 me recipes for hearty
 fare. It's still the
 for oven dinners and
 hearty and delicious
 from the oven.
 welcome to members

of the household coming home to
 dinner. To do right by fuel con-
 servation, stick in a cake while
 the casserole's cooking.

Shepherd's Pie

Use the oven too, for left-overs
 such as a delicious Shepherd's
 Pie that is so nice that it takes
 pride of place as a main dish

without thought of being a made-
 over dish. So save enough meat
 to yield 3 cups chopped meat, add
 to the cropped left-over meat, one
 cup left-over gravy, tablespoon
 Worcestershire sauce, and if re-
 quired, salt and pepper to taste.

Place in baking dish or casserole.
 Place on 2 cups mashed potatoes
 on top to make a topping, rough-
 ing with a fork. Put bits of bacon
 fat or drippings here and there
 using about 2 tablespoons. Heat

and brown in quick oven, 375° oven for about 45 minutes.

Beef and Lamb
 For a substantial and different
 potato dish, pare some medium
 sized potatoes and cook in boiling
 salted water until about half done.

Then bruise them with some mel-
 ted bacon drippings. Mix some
 corn flake crumbs with paprika
 and salt. Roll the potatoes in this
 mixture until they are well cov-
 ered. Bake in shallow, well-
 greased pan in a moderately hot

oven for about 45 minutes.

A casserole of rice and lamb
 served with vegetables and a nice
 salad should bring the family
 home on time. Get 2 pounds
 breast or neck of lamb cut into
 medium-sized pieces and sprinkle
 with teaspoon minced parsley,
 small green pepper minced, tea-
 spoon salt, 1/2 teaspoon pepper and
 teaspoon poultry dressing. Put

layer of meat into a casserole,
 then a layer of cooked rice and
 so on, leaving rice for top layer
 and using 5 cups cooked rice in
 all. Pour over 2 cups stewed
 tomatoes, cover, bake 1 1/2 hours
 in moderately hot oven, 350 de-
 grees. Before serving, remove
 cover and sprinkle with 3 table-
 spoons grated cheese, and allow
 it to brown.

Egypt is the world's fifth larg-
 est cotton producer.

VIOLINIST DIES

Dr. The Associated Press
 CINCINNATI, O., March 2 —
 Ferdinand Weiss, 66-year-old
 violinist with the Cincinnati
 symphony orchestra since its or-
 ganization 49 years ago, is dead.

TO AID LAUSCHE

CLEVELAND, O., March 2 —
 John F. Lausche announced he would
 resign as secretary to Mayor
 Frank J. Lausche, candidate for

the Democratic gubernatorial nomi-
 nation, to direct Lausche's cam-
 paign.

MEDICATED POWDER

40 YEAR FAVORITE
 —with thousands of families, as it relieves
 itching irritation of minor skin troubles—
 baby's diaper rash. Sprinkle on Measmo,
 the soothing, medicated powder contain-
 ing ingredients many specialists often re-
 commend. Check with Dr. Leonard Morison.

Jimmy McLarnen Hangs Up Gloves To Punch at the Axis

By The Associated Press
LOS ANGELES, March 2 —
Eight years ago baby face Jimmy
McLarnen, as Irish as the harp
itself, was knocked out
by Jess Willard, champion of
the world.
Today Jimmy is still swinging
punches, but they are aimed at
the Axis independently wealthy,
the Axis and smiling veteran of
the prize ring.
Jimmy is a living and later re-
turned from boxing in 1936 with a
punchy share of the \$500,000 he
earned, one of the men behind
the war.
McLarnen works for an air-
plane specialties concern in Holly-
wood. He puts in a full day but
whenever spare time he finds
himself devoted to his new
love, boxing. He's a four handicap
man.
Jimmy fought his way through
the lightweight division before he
finally got his chance at the wel-
terweight crown. Through his
own cleverness and the astute
hand of "Pop" Foster, he was
able to hang up his gloves with-
out any life scars.
McLarnen whipped 13 past and
present world champions from
1934 until his retirement. Among
his victims were Fidel Labarra,
Pancho Villa, Benny Leonard,
Tony Canzoneri and Lou Ambers.
Best man he ever faced, and
Jimmy doesn't hesitate an instant
in this decision, was Bud Taylor,
the Terre Haute, Ind., terror. Bud,
says Jimmy, could have given
the battle of his life if they had
squared off in their prime.
McLarnen is married, the father
of a young daughter and lives
modestly on his ring earnings and
the investments made since he
broke up boxing.

THE MARION
SPORTSMAN

A PROGRESS REPORT

Efforts of the Ohio Division
of Conservation and Natural Re-
sources to increase the water
acreage in Ohio and to furnish
Ohio anglers with additional fish-
ing waters are bearing fruit.
A simplified lease form has
been used for the past year or
more in signing up the owners of
private lakes, ponds, quarries, etc.,
opening these bodies of water to
public fishing and at the same
time offering the owners certain
advantages. Every pond or lake
thus signed up has augmented the
headwater lakes built by the
Division.
It is interesting to note that
Prof. C. E. Sherman in a bulletin
of the engineering experiment sta-
tion, Ohio State university, in
1932, estimated that there were
"7000 acres of ponds" when the
white man took over the area
now known as Ohio (evidently
everything was considered a
"pond" in those days, although
many larger bodies now might
be termed as lakes.) The bul-
letin states that at the time
of the writing of the bulletin,
1932, Ohio had 35,000 acres of
ponds, lakes and reservoirs.
A list compiled by the Ohio
Division of Conservation and
Natural Resources shows that in
1944 there are over 70,000 acres
of lakes, ponds, quarries, etc.,
open to fishing in Ohio.
That's making progress but
there are still areas in Ohio that
could use large bodies of water
which would aid in restoring
stream flow, provide water for in-
dustrial use and at the same time
furnish recreational facilities for
residents of that area.

PRaises Success Of RUBBER CHEMISTS

By The Associated Press
CINCINNATI, March 2 — The
small group of men responsible
for development of synthetic
rubber since Pearl Harbor deserve
the country's respect, a research
worker declared today in urging
users to cooperate in further im-
provement.
W. L. White, rubber research
director for Raybestos-Manhattan,
Inc., of Passaic, N. J., said in a
paper prepared for a symposium
on applications of synthetic rub-
ber sponsored by the American
Society of Testing Materials.
"One can not review the his-
tory of such a rapid and complete
conversion . . . without ex-
pressing a sense of . . . pro-
found respect for the government
agencies and the relatively small
group of engineers and chemists
who have conceived, built, and
brought into useful production
this delicately controlled chemical
plant that is pouring out some
800,000 tons . . . per year.
"The first phase of this miracle
is well on its way to completion.
The rubber manufacturers now
take up the challenge to convert
these synthetic rubbers into use-
ful products."
P. M. Torrance, laboratory
manager of the Firestone Tire &
Rubber Co., predicted "much bet-
ter synthetic rubbers," possibly
surpassing natural rubber in many
properties.
Torrance also predicted resump-
tion of use of natural rubber "for
at least part of our requirements"
after the war but urged "every
effort to develop synthetic rub-
bers . . . so that we will never
again risk the disaster of being
cut off from our sources of such
a vital material."

MARION CO. TEAMS IN TOURNAMENT TONIGHT

Claridon, Pleasant and LaRue
teams which finished one, two,
and three in that order in the
Marion county tournament which
ended last Saturday night, will go
against formidable foes in first
round games of the Central Dis-
trict Class B tourney in Otterbein
college gymnasium at Westerville
tonight.
Merton Porter's Pleasant five
will be the first of the trio to get
tourney action when they tangle
with Byhalla, Union county
league leader, at 6 o'clock. LaRue
team, led by Richmond, winner of
the Union county tourney, will
play at 8 and Claridon will
meet Sparta of the Morrow
county circuit at 9.
Marion St. Mary's Irish will
touch off their tournament ven-
tures tomorrow at 9 p. m. when
they face Lancaster, St. Mary.

THEY HEAR EVIDENCE AGAINST COLLETT.

A jury of nine
men and three women was selected Wednesday at Washington
C. H. for the trial of James W. Collett, charged with murdering
Elmer McCoy, his wife and daughter. They are: front row, left
to right—Fred H. Coffman, farmer; Ellsworth Vannorsdall, farmer;
C. A. Dunton, wool buyer; H. O. Harney, grocer; John W. Chase,
retired farmer, and Mrs. Carl Humphrey, housewife. Back row, left
to right—Mrs. Edith Forsythe, school teacher-housewife; Mrs.
Mary Pond, housewife; M. L. Leons, garage owner; Frank North-
rock, farmer; Charles U. Armstrong, insurance and real estate
agent, and Howard Bingham, insurance agent. D. E. Mulvill, a
farmer, not pictured here, was chosen as an alternate juror.

EDISON AFTER CITY SCHOOL CAGE TITLE

If Thomas Edison's eagerness
Vernon Heights in the city junior
high school league finale on the
Edison court tonight, the 1944
crown will be Edison's and no
one could dispute their claim. On
the other hand, a Vernon win
would throw the final loop stand-
ings into a muddle for all three
contending schools. Vernon, Ed-
ison and Central would have three
wins and the same number of the
setbacks. Tonight's showdown
contest will start at 8 o'clock and
a reserve preliminary will be
staged at 7.
The Edisonmen under the tut-
elage of Ed Cooney have split even
in two previous meetings with
Vernon coached by R. G. "Bob"
McCracken. Last week, Edison
relieved Central of first place with
a 29 to 28 victory over Ralph
Kelly's downtowners.

LOVE'S FAIR HORIZON

By ADIE GARRISON

A Sequel to Pittalis of Love.

MY mother-in-law rose with a decision, drawing herself up to her full height. "Leave Faith to me," she said magnificently. "What do you want to do first?"

"I have to take down a small suitcase or bag to Hugh and Lee Chow before they come up," I said. "And if you could go to the nursery and keep Faith interested until I get the bag down, and then men safely in Father's room, it would help so much."

"I'll go to her at once," she said. "But," pausing in her hurry, she asked an obvious question. "Why do they need a bag? I thought you said they just had the clothes they had on, that they were dripping wet, and that they've changed to Richard's and Harry Underwood's things?"

"I'm just as mystified as you are, Mother," I told her. "And I find out anything, be sure I'll tell you."

"Be sure you do," she said, as she went side by side down the corridor to the nursery where I gave the signaling three knocks. "Come in," Faith's voice piped shrilly, and when we entered, we found her tucked up in the day bed when we kept in the nursery for old naps.

"In the grandmother," she announced, then, at sight of my mother-in-law, she burst into delighted laughter.

"Two grannies?" she cried. "Which will be the volt?"

"You can settle that later," I said. "Just now, Gran'ma has come to stay with you while I do some work."

Prudently, I added, no injunction as to good behavior, for I have learned that nothing so irritates my mother-in-law, when she is asked to take care of grandchildren as to impose any sort of parental discipline upon them concerning their behavior while with her.

Capable

"I have had three children and six grandchildren," she frequently says loftily, "and I consider myself perfectly capable of dealing with any child left in my care."

As she really does not spoil them unduly—I always believe that children are entitled to a little grandmotherly and grandfatherly coddling and cuddling—we have no clashes on that particular score, and I bade them good-bye and left the room, hearing Mother Graham lock the door behind me, and feeling assured that Faith was safely "interned" until I could finish my disposition of our guests.

Taking a small, empty Gladstone bag from my closet, I hurried back to my study, rather lamely explaining my delay by saying I had mislaid it, and only just found it. Hugh gave me a quizzical look, and I knew that he was remembering my almost "old-maidish" predilection for always knowing the precise whereabouts of my belongings and for keeping them in fastidious order.

I knew he had guessed my real errand, but I felt no chagrin, for my curious attention was fixed upon the table which Katie had cleared, and upon which now reposed a dozen or more small packages, each securely wrapped in oilskin.

"You haven't seen these before, have you?" Hugh Grantland asked, smiling.

"No, I haven't," I said. "Where I cut my sentence short, for I had firmly resolved to ask no question of Hugh or Lee Chow concerning their reason for seeking shelter at the farmhouse."

"While we were getting off our wet clothing, I put them all under the couch," Hugh said. "They

The Stars Say—

A LIVELY and interesting day with a lot of news and gossip. The stars say that the pulse rate is a very important factor in determining the health of a person. The pulse rate is the number of times the heart beats in a minute. It is a good indicator of the body's condition. A normal pulse rate is between 60 and 100 beats per minute. A pulse rate below 60 is called bradycardia, and a pulse rate above 100 is called tachycardia. Both conditions can be caused by a variety of factors, including stress, anxiety, and illness. It is important to consult a doctor if you experience a consistently high or low pulse rate.

Test I. Increase of the pulse in standing. Rise and stand for two minutes to allow the pulse to settle. Then count the pulse by quarter minutes. When the pulse has settled, count for one minute. The pulse rate is the number of beats counted multiplied by 4. This gives the pulse rate per minute. Compare with the normal pulse rate. The pulse rate is a good indicator of the body's condition. A normal pulse rate is between 60 and 100 beats per minute. A pulse rate below 60 is called bradycardia, and a pulse rate above 100 is called tachycardia. Both conditions can be caused by a variety of factors, including stress, anxiety, and illness. It is important to consult a doctor if you experience a consistently high or low pulse rate.

Test II. Standing pulse rate. If the pulse is slow standing more credit is given than if it is slow while lying down. Test IV. Pulse rate after exercise. Provide a stool or chair 18½ inches high. Put the right foot on top of the chair. In 15 seconds bring the left foot up and stand on the chair, and bring it down again. Repeat every three seconds. The pulse rate is counted at the end of this exercise. Credits—In general depending on what the pulse rate was before the test and the increase of 10 beats only gives a plus credit. Increase of 20 beats or over usually means 2 plus credit, but if the pulse rate is over 90 to begin with, the credit is only 1 plus. Test V. Return of the pulse to normal after exercise. Endurance test, or one taking insulin, no athletes may slow the pulse rate down from 160 to 80 in one minute; they do any other kind of person.

SCOTT'S SCRAP BOOK By R. J. SCOTT

THE LOWEST ANIMALS ARE ALL EYES. AN EXAMPLE IS THE ANKLEA WHICH SEES LIGHT WITH ITS ENTIRE BODY.

CAIRO, EGYPT, 1941. IN A GRAVEYARD OF DEAD CIVILS—CIVILS THAT HAD RISEN AND CRUMBLING BACK TO RISE.

THE ZULU MEDICINE MAN MAY NOT PREVENT DAIL BY HIS ARTS, BUT HE IS NO PARTNER OFF IN REMOING FROM SCRABOLES ON A MAAT OR WHISTLES TO REUSE LAZY BEES.

WAS THE DEATH REALLY USED AGAINST IT WAS APPLIED AGAINST KILLERS? YES

Just Kids

SIR—THIS IS LEAP YEAR—AND I WANT SOME ADVICE.

WHAT NOW?

I'M NOT GETTING ANY YOUNGER—SO I'LL PROPOSE TO A FRIEND—JUST HOW DO I ASK HIM?

DON'T ASK HIM—JUST TELL HIM YOU AND HE ARE ENGAGED—IF HE HESITATES—LEAD WITH YOUR LEFT—CROSS WITH YOUR RIGHT—AND WHEN YOU PICK HIM—THANK YOU—HE'LL DO JUST THAT.

WHAT HAVE I STARTED NOW? IT'S JUST THE IMP IN ME.
